1.0 Sports Concerns:

1.1 Boys Soccer Head to Head Goal Differential

The following criteria are used to break ties for teams with identical power ratings:

If teams have identical power ratings, the following criteria will be used to break the tie:

- a. The team with the most league/division wins will be the higher seeded team. If still tied:
- b. The team with the fewest league/division losses will be the higher seeded team. If still tied:
- c. The team with the higher winning percentage of games scheduled will be the higher seeded team.
Determined by total league/division wins divided by total league/division games scheduled. If still tied:
- d. If teams are in the same league/division, use head-to-head results. If still tied:
- e. A toss of a coin will determine the higher seeded team.

The Boys Soccer Committee is requesting head to head goal differential be added to the criteria used to break ties for teams with identical power ratings. The request would only impact the teams tied, when playing against each other.

Recommendation to not support adding head to head goal differential to the Boys Soccer criteria used to break ties for teams with identical power ratings.
