

2013 State Sport Committee Meeting
Girls Tennis
January 22, 2013

Meeting Summary

1. We discussed the need for the club to make sure they have all the courts available when we need them. Bob will discuss this with the club this spring.
2. We will be working in conjunction with the boys committee to refine the language regarding the number of matches and usable formats for competition within 1 day. This will have implications for the state tournament as well as competition at the sectional and league level. Cal is working on this along with a couple of members from the boys committee. I will also work on this joint committee. If other members would like to be on this joint committee, please let me know. Specifically, from our perspective we would like to see two matches with regular scoring allowed in one day; and multiple matches of modified formats (such as 3 or 4 as long as they would not exceed the maximum game total of two matches) so a player could play 3 or 4 pro-sets in around robin tournament between, for example, 4 schools. Sufficient rest- 1 hr- between matches with regular scoring would be given. Any views or considerations you feel should be addressed, please email them to me.
We would like to complete this process in time for consideration by the Safety Committee (April 19) and the Executive Committee (May 3).
3. We discussed expanding the consolation draw to include the 2nd round losers. The possibility of having regular scoring for consolation matches was discussed, but it was the consensus to hold off on that for now since it would dramatically prolong the play on the first day, second day, and would necessitate consolation matches being played on Monday. Personally, I'm in favor of expanding the consolation but keeping the same match format.
4. Recommended to Bob we schedule the teleconference for later in the day next year to make sure that everyone is done with the school day.

Meeting Summary by: Chris Hogan (Medina)
