**\*All Section VI meetings are recorded**

6.4.2 ***Motion to approve the Softball Seeding Proposal***

**CARRIED**

***Fallacaro/Rabey***

**Current Policy:**

If teams have identical power ratings, the following criteria will be used to break the tie:

- The team with the most league/division wins will be the higher seeded team. If still tied:
- The team with the fewest league league/division losses will be the higher seeded team. If still tied:
- The team with the higher winning percentage of games scheduled will be the higher seeded team. Determined by total league wins divided by total league/division games scheduled. If still tied:
- If teams are in the same league/division, use head-to-head results. If still tied:
- A toss of a coin will determine the higher seeded team.

**Proposal:** The addition of;

If 3 or more teams are tied, teams will be drawn out of a hat.

1st draw is the highest seed

2nd draw is the next seed

Last draw is the next seed

**Rationale:** The current seeding policy has written documentation of how to handle a tie for two teams but not a 3-way tie.

6.4.3 ***Motion to approve the Track Super Standard Proposal***

**CARRIED**

***Baumann/Ginestre***

The NYSPHSAA Track & Field Committee is proposing a super standard to qualify to the NYSPHSAA Track & Field Championship Meet.

Currently, each section is allowed one athlete & one team relay from each division to qualify for the NYSPHSAA Track & Field Championship. In addition, each Section is allowed a second qualifier for each division if they meet a state standard. This standard is based on an average of the 6<sup>th</sup> place finisher at the state meet for the past 5 years. Each year, athletes are left at home because the limit from each section is a maximum of two per division. There have been times over the years where an individual Section has three athletes that could qualify and actually place in the top four in the state meet in their event. Unfortunately, these athletes cannot participate in the State Meet let alone receive a state medal.

The State Committee is proposing the use of a Super Standard for a possibility of a third athlete to compete at the State Meet. By using the average of the 4<sup>th</sup> place finisher over the last five year, an additional athlete from a Section could compete. This standard can only be achieved at the State Qualifier meet held by each Section. Thus, all three athletes would have to meet the Super Qualifier Standard at that Sections State Qualifier meet. Looking back at the sectional state qualifier meets, this would add approximately 8 to 12 athletes to the State Meet. The cost for the State would be minimal – extra athlete's tags. The cost for the individual Sections or the individual schools depends upon whether the section pays for any of the costs of transportation, food and/or lodging. As Section VI pays those costs it would translate to 0 to maybe 4 additional athletes a year.

Over the past years, very few athletes from Section VI would have made these qualifying standards. Unfortunately, some athletes would have been able to meet the Super Qualifier standards and have been left behind.

[bwild@lancasterschools.org](mailto:bwild@lancasterschools.org)

### 6.5.1 Concussion Article

The FDA has approved of a blood test to aid in concussion evaluation. Known as Banyan BTI (Brain Trauma Indicator), the new test measures levels of two protein biomarkers that are released from the brain into blood within 12 hours of head injury. Levels of these blood proteins after mTBI can help predict which patients may have intracranial lesions. The NFHS does not approve of the use of the Banyan BTI and recommends to continue current protocol to determine concussion.

***Baumann/Spanbauer***
- Regional Rotation for Volleyball  
The NYSPHSAA Girls Volleyball Committee is proposing a Regional rotation for the Fall of 2018. The current rotation ended in 2017. A six-year rotation is followed. The committee is only interested, at this point, with a rotation for 2018 in order to review the effect of the new classification numbers on the Class D teams. This year, in the Section 1,9,11 bracket, Section 9 received an automatic bid into the state tournament. The committee wants to avoid automatic bid for any Section. If the new classification numbers alleviate automatic bid, then a recommendation for rotation will be made for the next two years (2018, 2019). Otherwise, an alternate rotation will be proposed for 2019.
- Motion to direct M. Fallacaro, Girls Representative, and J. Graczyk, Boys Representative, to support the following revisions to the NYSPHSAA Community Service Challenge; 1.
