Chairmen's recommendations:

Division 1: For Class / Divisional tournaments, schools can enter a maximum of 15 wrestlers. A school can enter 2 wrestlers in the same weight class if the second wrestler has at least 10 varsity wins with a better than .600 win / loss record.

Division 2: Reduce the number of class divisions to 2. The class tournaments may have to be a 2-day double elimination qualifier for the Sectionals (if not, we may have issues with the 5 match rule – we do have contingencies for this under our Sectional qualifying standards). Every school can enter a maximum of 15 wrestlers. A school can enter 2 wrestlers into the same weight class if the second wrestler has at least **10 varsity wins** with a better than .600 win/loss record. The top 5 wrestlers per weight class will advance to the Sectionals.

The Sectional tournament will be a one-day 10-man tournament. Any preliminary bouts due to medical wildcards will be wrestled as a single elimination bout. Loser of that bout is out of the tournament.
