Section VI is in its final week of hosting post season events. No significant issues have presented. However, multiple “pick-up” locations present challenges such as securing transportation director inspections as well as timing related to drivers hours/rest periods.

4.4 Section Coaches Meetings

Winter sports coaches meetings were held last week. The council was reminded that the Section moved to a league based virtual model. Overall, the new process is working well. This was a compromise to avoid travel issues. A set date for meetings for each season is being discussed.

- The new position – Asst. Executive Director
- Sectional Championships & State Travel

*The job description of the Assistant Executive Director will be shared at the January 2024 athletic council meeting.

6.3.3 24-25 Proposed Section VI Coordination Fees (Appendix D)

The 24-25 Proposed Budget was generated with the projected 24-25 budget in mind, ensuring that the Section is not operating at a deficit.

6.3.3 ***Motion to approve the Travel Pay Proposal (implementation 24-25)*** (Appendix E)

CARRIED, 3 opposed

Penhollow/MacSwan

The section is looking at a multi-tiered approach regarding the Recruitment and Recruitment of officials. It's too early to determine if the travel pay is beneficial.

With this proposal reimbursement will be given to only those schools that have breached the \$1500 threshold. Each Section VI school will be assessed \$125 in each fiscal year and reconciliation/reimbursement will be conducted in the following fiscal year after the data is compiled and finalized in the summer after the spring season. The \$125 is not static and the Finance Committee will review this annually as the number of schools that breach the \$1500 will vacillate. The Finance Committee would also review this process in its entirety each year, and if it's not working make changes.

With this proposal approved, each school will be assessed \$125 this 23-24 year (via the Section VI coordination fee coser). After the 23-24 completes and mileage is compiled, reconciliation will be made with the 24-25 dues.

6.3.4 NYSPHSAA Foundation Board – Section VI Representative

A replacement for M. Kruzynski continues to be sought. The goal of the NYSPHSAA Foundation Board is to help member schools in different projects and other financial support measures.

6.4 Sectional/Intersectional (M. DiFilippo)

6.4.1 ***Motion to approve to implement a split classifications after opt-out pilot for 2 years, 23-24 and 24-25, in the sports of Boys Basketball, Girls Basketball, Baseball and Softball***

CARRIED, 7 opposed

Kelly/Reed

The rationale is not to eliminate sectional championships, but rather balance classifications. The current policy is to split classes at 18 or more schools. In the sports of Girls Basketball, Softball, Baseball, and Girls Soccer there are typically a large number of schools that opt out. Over the past 2 years, there were 3 times classifications dropped below 18. Most importantly is to address the unbalanced classifications. For example, in 22-23 Girls Basketball, there were 9 Class B schools that opted out. One Class of B there was 12 schools. 16 in another. The concern of the coaches is that some schools must play more games than the other to reach the final.

6.4.2 **Motion to approve of a 2-year pause (24-25 and 25-26) on class meets and institute an open sectional tournament in their place in the sport of Wrestling** (Appendix F)

CARRIED

Ljiljanich/Salisbury

To note with this proposal, the numbers are decreasing, there are a lot more open weight classes, and the need to allow for rest for the athletes.

6.4.3 Flag Football Alignments

The Flag Football committee is meeting tonight. There are 5 alignment proposals on the table. M. DiFilippo asked the committee to decide on one proposal to move forward to the Sectional Intersectional Committee. The Sectional Intersectional Committee will then make a recommendation to the Athletic Council at the January 17, 2024 meeting.

6.5 Safety (M. McKenna)

6.5.1 NYSPHSAA Safety Committee Report

APPENDIX E

PROPOSAL 2 OFFICIALS MILEAGE COSTS

Of the 95 section VI high schools, 13 schools paid over \$1500 for the 22-23 school year for travel fees. Those districts paid in total, an extra \$11,425 combined.

It is suggested that the “cost of doing business” for every school district be set at \$1500. Meaning that all high schools would be required to pay up to \$1500 annually in travel fees for their individual district. (This does not include an initial \$125 fee)

Each high school would be responsible to pay \$125 annually into a “mileage fund” to the section. This would generate from the 95 schools: \$11,875. (To be paid at the start of a school year along with their section VI dues)

The districts that paid over the \$1500, would be reimbursed from the section for any fees incurred during the school year above and beyond the \$1500 threshold.

The “reimbursement” will likely be applied as a reduction to the section dues that affect those high schools, in the next fiscal school year.

Wrestling Proposals (Implementation 2024-2025)

1. Leagues / Coaches would like to have the opportunity to enter up to 15 wrestlers into the postseason with a maximum of two entries per weight class (both entries must have 6 separate contests on 6 separate dates with a better than .500 record). Most of the Sections across the state allow for more than 13 entries into the postseason.
2. Open Sectional event (with a 2 year pause on the Class tournaments). See the attached proposal at the end of this report.

Interest in hosting a post season tournament has been expressed by Albion (Class B) and Clarence (Class AA or Sectionals). **Perhaps Buffalo State University** would be an option for an Open Sectional?

2 YEAR PROPOSAL FOR PAUSING THE CLASS TOURNAMENTS IN SECTION 6 FOR WRESTLING

Rationale:

1. We have had several teams combine in Section 6 to create fewer programs. In 2022-23 we had only 19 Division 1 programs / teams (10 merged to form 5). We had 30 Division 2 programs (16 merged to form 5 programs).
2. Most teams cannot field an entire roster of 13 starters from week to week (several forfeits).
3. NYSPHSAA currently holds a "Dual State Team Championships". Each Section holds a true Championship team event that sends our best D1 and D2 teams to that "Dual State Team Championships". The Class tournaments, as they currently exist, do not accurately identify our best teams. A team can win the Class tournaments with 6 wrestlers (out of 13 weight classes).
4. By pausing our Class tournaments, teams will have a weekend off prior to an "Open" Individual State qualifier event (Sectionals). It is also one fewer weigh-in that needs to occur. In most cases, wrestlers would face the same athletes two weeks in a row for the Class and Sectional championships. By pausing our class tournaments (with the current low participation numbers; logistically, we now would only need to acquire facilities for the Sectional Championships. That in turn, would allow us to allocate our resources to provide a better championship experience for the athletes and coaches in an open sectional format. As part of this proposal to pause the Class tournaments temporarily; we shall revisit reinstating the Class tournaments for the 2025-2026 season based on our leagues' preferences.
5. If we do hold an open sectional for wrestling, the tournament can be scored; in which case we can still identify our Class level champion teams. Those teams (1st, and 2nd place in each class) will be recognized with the corresponding Sectional plaque award.

Proposed new individual qualifying procedures for Section 6 Wrestling:

2 weeks prior to the NYSPHSAA Individual State Wrestling tournament, Section 6 will hold its Individual Wrestling Championships (2 tournaments – D1 and D2). Schools may enter up to 15 wrestlers total with a maximum of 2 per weight class. If there are 2 entries in any weight class, **both** entries must have a minimum of 6 varsity contests (on 6 separate dates) with a better than .500 win-loss record. All matches (Public, Private, Catholic, Federation) will count towards a wrestler's record. The tournament will be standard double elimination. If there are more than

32 wrestlers entered in a weight class, the school whose “second entry” has the worst win-loss percentage” will be forced to move to another weight class or withdraw from the tournament. Additional tiebreaking criteria will be established in the event that there is more than one second entry with identical records (to resolve which wrestler has to leave the weight class with more than 32 entries).

The tournaments will be held over 2 days. In most cases, they will be Friday-Saturday events. Saturday-Sunday will also be considered based on the availability of the host sites. An ideal site would have the space for putting down 5-6 mats. A typical schedule will resemble the following:

Friday

10:00 am – 11:00 am Weigh-ins

12:00 noon Wrestling begins (32-man bracket)

A tentative schedule would be to wrestle **2 rounds forward** in the championship bracket and **3 rounds back** in the consolation bracket. This will allow for an early Friday departure. Wrestlers should not be competing in the later hours of the evening.

Saturday

7:30 – 8:30 am Weigh ins

9:00 Wrestling starts with the Quarterfinal round of 8

11:00 - Semi finals

2:00 – Consolation Finals (5th-6th place matches)

3:00 p.m. Finals (1st/2nd; 3rd/4th bouts run at the same time)

Safety Committee Meeting Report

1. SportGait Presentation
2. Thunder and Lightning Policy
3. Modified Recommendations

Attendees:

 Section 2 – excused with notification
 Section III – Nicole Halloran/Katie Clark
 Section IV – Mike Andrew
 Section V – John Lombardi
 Section VI – Matt McKenna
 Section VII – Jen Drucker
 Section VIII – Jen Keane
 Section IX – Janet Carey
 Section X – Erika Backus
 Section XI – Tim Mullins
 NYSPHSAA – Todd Nelson
 Others – Dr. O'Brien, Jarrett Rhoades, Melissa Trau, Tim Shay, Connie Griffin, Joe Myer

Status Updates:

1. Concussion Management Update – BIANYS continues to work with the legislators to update the NYS Concussion Management Law. They are working with SED on language to identify who can clear a student back to participation, the current law states only a physician can clear.
2. Anyone Can Save a Life – Starting with the 2024-2025 school year all teams will be required to complete the Any One Can Save a Life Program on submit the EAP to the athletic office. They will also be required to hold one drill prior to 50% of the season being completed. The current website (www.anyonecansavealife.org) is being updated and the current videos will be active in the month of October.
3. NYS School Health Cetner has updated information on the SED guidance for concussion management released this summer and the new CDC Youth Concussion course. The updated health history form is also available with the revisions to the Dominic Murray information.

Items Discussion/ Action Taken:

1. SportGait – Joel Meyer from SportGait gave a presentation on SportGait. SportGait offers new testing to help athletic trainers and doctors to evaluate individuals for concussion symptoms. These new tests go much deeper than the current Impact tests that many of our schools are using. Please see the attached document provided by Joel. If schools are interested in finding out more, they can contact Joel directly.
2. Thunder and Lighting Policy – Members of the Safety Committee were asked to use the My Lighting Tracker to see how effective the app was in detecting lighting. Jarret Rhoades has actively used this app for the past 6 months as well as Jim Rose from Section 1. The app seems to be very reliable based on the data points used to detect lighting within a certain distance from the location of the user. Once lighting is detected then the user would have to monitor when the last lighting strike was through the app. The following motion was made by Tim Mullins and seconded by Mike Andrew.
 - i. The NYSPHSAA Safety Committee is recommending adding to the Thunder and Lighting Policy the use of the My Lighting Tracker app. Schools would be able to use the My Lightning Tracker app to detect lighting within 15 miles of the location of the game or practice. If lighting was detected the current language would be followed and the practice or game would be suspended for 30 minutes until the last lighting strike was outside of the 15-mile range. Schools would choose to either use the current language of seeing lighting or hearing thunder or use the My Lighting App. The committee approved 9-0.

3. Modified Recommendations – The Safety Committee discussed two recommendations by the modified committee (removing the language in the NYSPHSAA Handbook regarding the one hand check in Boys Lacrosse and prohibiting metal cleats in the sport of softball). The Safety Committee did not have any concerns with either of these recommendations.

Future Items/Meeting:

1. Section 8 brought up a concern regarding the reliability of WeatherBug for the Heat Index Policy. The Section is asking if NOAA may be a more reliable source. Section 8 will investigate further and report back to the Committee at the Spring meeting.
2. Next Meeting: April 2, 2024 at 10am.

Details:

The following increase of NYSPHSAA membership dues will be included within the NYSPHSAA Budget to be voted on at the May Executive Committee meeting.

\$1050 + \$1/student over 300

This represents a \$50 increase of the base fee

Additionally, the base fee of NYSPHSAA membership dues will increase \$50 annually beginning in the 2024-2025 school year. The Executive Committee expressed interest in incorporating structural growth of membership dues within the association's budget structure. Schools can now budget a \$50 annual increase. The \$50 annual increase will be included within the NYSPHSAA Budget, which will be voted on at the May Executive Committee meetings. A sample schedule increase is below. The increase will continue until the Budget/Audit Committee proposes a revision based upon membership feedback and input.

Safety Committee – My Lighting Tracker

*VOTE
JAN.*

Presenter:

Todd Nelson, NYSPHSAA Safety Committee Liaison

Proposal:

The NYSPHSAA Safety Committee is recommending adding to the NYSPHSAA Thunder and Lightning Policy the use of "My Lighting Tracker App". Schools would have to suspend or cancel any practice or game if the My Lighting App detected lightning within 15 miles of the location of the event. The event could not be resumed until 30 minutes had passed from the last lightning strike within the 15-mile radius. Schools would still be able to use the current system of seeing lightning and hearing thunder.

Effective Start Date:

Spring 2024

Rationale:

The current language requires schools that see lightning or hear thunder to suspend a game or practice for minimum of 30 minutes from the last time lightning was seen or thunder was heard. In many parts of the state lightning can be seen from a great distance away. The NCAA uses the range of 10 miles to suspend a contest or practice. The Safety Committee feels that a radius of 15 miles is appropriate for interscholastic sports. The committee is confident that the data points used by the app are reliable.

The NYSPHSAA Unified Committee is recommending that the NYSPHSAA Representation rule preventing students from gaining an unfair advantage they are prohibited from participating in the same sport in different seasons during the school year for Unified participants only.

Effective Start Date:

Rationale:

Many schools tend to struggle to get Unified partners for their unified sports program. BOYS VOLLEYBALL– REVISE STATE TOURNAMENT FORMAT TO INCLUDE ALL SECTIONS (POOL PLAY) IN THE STATE TOURNAMENT

☐ Action Item

☐ Informational Item

VOTE JAN

Presenter:

John Coletta, NYSPHSAA Boys Volleyball State Coordinator

Proposal:

The NYSPHSAA Boys Volleyball Committee is seeking approval to revise the state tournament format to include all sections in the state tournament and increase the length of competition to two days.

Effective Start Date:

Fall 2025 Season

Rationale:

Our aim is to provide a state tournament that showcases the highest quality in the state of New York while also growing the sport and base across the state. Each section would have a representative showcasing their champion on the state tournament stage.

- All 7 sections would participate with a rotating at-large bid that will equally rotate around each section until all sections are included. This would include two representatives for the Division 1 and Division 2 pools that would fall in accordance with the rotating bid. This will also allow us to have two four-team pools for round robin tournament play totaling 16 teams in the tournament.
- The at-large representative will be placed in an opposing pool from their section.
- Sections will be spaced out appropriately over a seven-year plan to take into account each rotation of the at-large bid.
- This proposal will also eliminate the need for a regional tournament and save sections on expenses and the need to find facilities. All sections will conduct their sectional contests and as the bid rotates to each section the sectional runner up will become the candidate for the respective at-large bid.
- This proposal will also be in these phases during the bid process and will need to take into account a three-court facility that can house the needs of the new format.
- This proposal will put the two divisions into a morning and afternoon wave for pool play.
- The second day of the tournament will go into semifinal play with a 3 out of 5 standard system of play.
- The final phase of the tournament on the second day will be the final results of the top two pool play winners advancing to a semifinal game and onto the finals.

Carl Normandin, NYSPHSAA Girls Ice Hockey Committee

Proposal:

The NYSPHSAA Girls Ice Hockey Committee is recommending following the same procedure as the Boys Ice Hockey for overtime in the post season. The following language would be added to the NYSPHSAA Handbook.

POST SEASON

c. In Sectional, Regional and NYSPHSAA Championship Play: After the third period the ice will be resurfaced, and teams will switch ends. Play shall be continued until the first goal is scored in Overtime for no more than two overtime periods of 17/15 minutes. (July 2022)

d. If the game shall be tied at the end of the first overtime period, teams will play another overtime period of 17/15 minutes, after the ice is resurfaced and teams switch ends. If the score is still tied, the "shoot out" procedure will be used. (13.08.12) (July 2022)

e. If the teams are still tied after the two overtimes of the NYSPHSAA finals, Co-champions will be crowned.

Effective Start Date:

2024-2025 Season

Rationale:

The Girls Ice Hockey Committee has a similar rationale as the boys had when they changed the OT procedure in July 2022. Both Committees feel that the chance of having a winner declared before the "shootout" using this format is increased immensely by playing a full period and switching sides.

INDOOR TRACK – REQUEST ADDING A SECOND DIVISION FOR RELAYS ONLY

☐ Action Item

Presenter:

Kristin Frazer, NYSPHSAA Boys Indoor Track Coordinator
Bob Wallen, NYSPHSAA Girls Indoor Track Coordinator

Proposal:

The Boys and Girls Indoor Committees are seeking approval to add a second division for the 4 x 200, 4 x 400 and 4 x 800 relays at the State Championships. This proposal does not apply to the Intersectional Relay.

Effective Start Date:

Winter 2024-25

Rationale:

Our committee discussed the difficulty of schools that would be considered Division 2 by enrollment numbers (under 600 students) to have a relay team qualify for the State meet due to the Indoor Track and Field State Championships utilizing only one division. The Committee felt strongly that Track and Field is an individual sport and would like to remain one division for individual events, but felt that relay events requiring more individuals is more difficult with less student athletes to draw from. Our committee brought this idea back to their Sections and the response from the Sections was overwhelmingly in favor.

Proposal Originated:

Boys and Girls Indoor Track Committees at their June 14, 2023 meeting

Budgetary Impact:

Sections will have an increased cost including transportation, lodging and meals for additional athletes (6 additional relay teams-3 Girls, 3 Boys). NYSPHSAA may have additional facility rental costs depending on how much additional time is needed in the venue to conduct Division 2 relays. NYSPHSAA will also incur an additional cost for awards and champion t-shirts for the Division 2 relay winners.

Notes:

The Girls and Boys Committee voted in favor of this proposal at its August 29, 2023 meeting. The Girls Committee was in favor by a 7-1 vote and the Boys Committee was in favor by a 6-1 vote. Of note, both "No" votes were based on concerns of limited facilities in their respective Section.

BOYS/GIRLS OUTDOOR TRACK – ESTABLISH THIRD CLASS STARTING IN 2025

Presenter:

Tom Wells, NYSPHSAA Boys Outdoor Track State Coordinator
Dan Doherty, NYSPHSAA Girls Outdoor Track State Coordinator

Proposal:

The NYSPHSAA Boys and Girls Outdoor Track Committees are seeking approval to establish a third class starting in 2025.

Effective Start Date:

Spring 2025

Rationale:

Currently, the number of athletes participating in the State Championship is approximately 3.8% of the total outdoor track athletes in New York State. The addition of a third division would bring the participating number of athletes to 5-6% (approximately 500 more athletes), which falls within the numbers the Championship Philosophy has established.

Proposal Originated:

NYSPHSAA Boys/Girls Outdoor Track Committee meeting in the Fall of 2022

Budgetary Impact:

The change in format will result in more athletes at the NYSPHSAA State Championship which will mean an increase in cost of awards, rental of venue, lodging, officials, staff and other areas related to increasing the size of the event. Gate receipts with added athletes at Sectional and State Tournaments will result in offsetting the costs or generating a profit.

Notes:

Budget Impact:

None

Notes:

4. Next Meeting

- a. Tuesday, March 26th at 10:00 am via Zoom

Minutes as of 10/3/23 respectfully completed by Marissa Dauria and Joe Altieri

NYSPHSAA FOOTBALL MEETING MINUTES - Thursday, Sept 14, 2023

ATTENDANCE: Gary Vanderzee-Chairman, Ken Stoldt-Asst, Chairman, Joe Altieri, Chris Joyce, Lexi Swatt- NYS Office; Section 1- Steve Luciana, Mike Cring; Section 2-Terry Jones; Section 3- Bob Campese; Section 4- Jeff Paske; Section 5- Jon Masin; Section 6-Ken Stoldt, Section 7-absent, Section 8-Matt McClees; Section 9- Tom Cassata- Section 10- absent; Section 11-absent

SEASON UPDATE: Nothing to report

POSTSEASON: Section Directors that are hosting regionals or semi's should email the schedule of games to Joe Altieri and Chris Joyce ASAP.

SUSPENDED GAMES: Discussion on when a suspended game is official. Unless an individual section has a policy, a suspended game may be ended at any point as long as both coaches are in agreement or if the losing team concedes the game. If the game was played on a Saturday, it may be completed the following day without being in violation of the 7 day rule.

EJECTION PENALTY: The committee is concerned with the length of a penalty for an ejection as it basically doubles the length of time missed compared to other sports. The committee will look into presenting a proposal to have all ejections mirror the rule for a targeting ejection.

SIMULATION OF SNAP: A concern was brought up of teams having a defense clap to an offensive snap causing a false start. Tim Arden will send out a memo to each chapter to address this issue.

OTHER: NYSPHSFCA representative, Paul Sealy noted that there will be an all star game between NY and Connecticut in June of 2024. Details to be provided soon.

The committee discussed a possible waiver to start the 2024 season a week early but it was noted that the dome was already under contract for specific dates and starting early would mean football be outside the maximum # of weeks for a season.

Matt McClees suggested to try and allow 11 on 11 situations legal in combined practices, even if it was only for a certain amount of plays. The committee will continue discussions on this topic.

Lexi Swatt noted that any media outlets looking for credentials should start with the director in their own sections.

A discussion took place on "cut blocks". It was noted that the action must be immediate. A player lined up in a shade may still be cut blocked.

NEXT MEETING: October 2nd at 10:00 am. Joe will be sending out the targeting proposal with the meeting reminder.

Joe Altieri, Assistant Director

- a. Emphasized the importance of sport committees strictly following Roberts Rules of Order for their meetings due to membership criticism of procedures used in the past. The staff will assist with these protocols if necessary. Emphasized the importance of committee meeting minutes getting completed within two weeks of the meeting.
- b. Explained the bid process and timeline. LECOM Harborcenter was the lone bid submitted for the 2025-27 state tournament. Even though just one bid was submitted, he stated we should discuss the bid in case there are concerns. The staff had no concerns with the bid and Joe outlined the proposed costs are similar in this bid comparing to the 2022-24 bid.

QUESTION: Tim asked about hotel rates and why the Courtyard (located across the street) is listed. Rick explained it's a secondary hotel for the tournament. The Marriott, in the same building as the rink, would be the host with a rate slightly higher than this year. Dean noted Clarkstown did not stay at The Marriott in 2023

MOTION to recommend the LECOM Harborcenter bid by Tim, SECOND by Paul. Carried 8-0. Joe indicated the staff also supports the bid for recommendation.

The recommendations will now go to CAC and Executive Committee for review and approval. Bidders will be notified of the recommendations, bids placed on website and a bid comparison document will be created.

- c. Reported on the Hall of Fame deadline of January 29th for the Class of 2024.
- d. On behalf of Joe deGuzman, Joe reported the American Dairy Association has opted out of a formal partnership with NYSPHSAA.

Todd Nelson, Assistant Director

- a. Reported State Tournament programs will be reduced to "media guides" with just rosters, team photos and the schedule in them starting in 2023-24 for all sports. Explained the decision to pare down the program was based on analytics and discussing with CP Sportswear. Links for the media guides will be posted within the program for history and other information.

Kristen Jadin, Assistant Director

- a. Reported the proposal for digital participation certificates was approved and will start this fall. Championship digital certificates will be available in the Championship Operations Packet (linked to our website) and Regional certificates will be emailed to coordinators. Both will be writable PDFs so student names can be typed in.

Chris Joyce, Director of Marketing

- a. Reported on the activity of the NYSPHSAA Foundation and that NYSPHSAA raised enough money to cover all operating expenses for this school year. Funds raised for the remainder of the year will go towards creating grant programs for school. The foundation offers a toolkit schools can use to fundraise and support the cause. Reach out to Chris or see nysphsaa.org/foundation for more info.
- b. Indicated Lexi Swatt will be developing a new document for reporting results so that it won't be necessary to send emails. It may be a shared Google document or similar.

Lexi Swatt, Director of Sports Information

- a. Introduced herself and noted her work has begun on the website and tournament admin.
- b. Will handle all sport records using the current record forms submitted by schools.

3. 2023 State Tournament Review / 2024 State Tournament

- a. Rick Brooks explained the tournament went well last year and there were no issues other than some late starts to the semifinal games.
- b. Rick stated there are no changes to the tournament for 2024. He indicated he, Scott and Joe met a couple days ago to finalize the tournament schedule following a meeting with Ryan Vinz at the Harborcenter. Canisius postseason games, if they occur, will not impact the tournament schedule. Stated Joe Altieri will email out the final schedule following today's meeting.

4. Bracketology

- a. Scott opened the discussion on the 2024 postseason brackets.
- b. Monroe-Woodbury (Sec. 9) informed the Committee that they will be fielding a Varsity team this year which will change the Division I bracket.
- c. This will eliminate the At Large team (Sec. 5) and M-W will replace that position in the bracket.
- d. Also note that in the Division II brackets Section 10 has moved into the East side of the bracket with the At Large moving to the West.

MOTION to approve the presented brackets by T. Cook. SECOND by R. Brooks, Carried 8-0.

5. Committee Business

- a. Matt Walentuk brought up a concern in regards to Regional travel when the At Large is from that Section. Not a lot of incentive to win the Sectional Final game if the winner has to travel a significant distance greater than the runner-up. R. Zayas explained that the brackets are finalized before the season and have to be played as is per the NYSPHSAA Constitution.

6. Section Concerns

- a. R. Brooks (Sec. 6) and S. Morrison (Sec. 5) led a discussion on the possibility of playing 3 on 3 or 4 on 4 as an alternative for O.T. during the regular season.
- b. They also brought up the possibility of instituting a "goal differential" policy when a team is getting beat by a predetermined number of goals entering the third period.
- c. It was explained by T. Nelson that in both cases the situation would be "less restrictive" than the current practices and therefore would be acceptable changes. The change(s) would have to be presented to and accepted by the individual Sections prior to the season.

- d. A question was raised as to the selection of Officials from the individual Sections for State Tournament play. It was explained that the selections are supposed to be approved by the Section Coordinator after consultation with the local NIHOA President.

7. Next Meeting

- a. The committee will meet at the state tournament on Friday, March 8th at The Marriott.

Motion to adjourn by Rick, Seconded by Scott Morrison. Motion carried 8-0 @ 11:34 AM

Only FAT times will be accepted for the At Large Standard. We will no longer accept hand times for the At Large Standard. Remember, no field event performances from dual meets will be accepted for meeting any At Large or Super Standard. - b. Mixed Competition vs. Girls Only Wrestler Clarifications

- A mixed competition wrestler is a wrestler who

- Competes against a boy wrestler, inclusive of taking a forfeit in any boys wrestling event
 - Practices against a boy wrestler during practice. Girls Only wrestlers are permitted to share practice space, but are not permitted to compete or drill with boys wrestlers.
 - **Once a girl has competed against or practiced with a Boy, she is deemed a mixed competition wrestler.**
 - Mixed Competition Wrestlers are permitted to accumulate up to 20 competition points, inclusive of up to 6 tournaments. Girls only tournaments DO NOT count towards these 6 allotted tournaments. Girls tournament still count as 2 competition points, and count towards the 20 maximum points.
 - *Wrestlers competing in any Boy's events, or practicing with a boy must be approved via the Mixed Competition Guideline approval process → 135.4.*
 - *If individual sections are hosting a Qualifier, for the NYSPHSAA Invitational, the individual sections will need to determine if that qualifier is a "Postseason Event"*
 - *If PostSeason: Girls cannot also compete in the Boys Postseason.*
 - *If NOT PostSeason (Regular): This event counts as two competition points.*

- A Girls Only Wrestler

- Competes only against other Girls
 - Practices and Trains only with other Girls
 - Girls Only Wrestlers are permitted to accumulate up to 20 competition points. There is not a maximum tournament limit for the 23-24 season, as long as the 20 competition point limit is adhered to.
 - *If individual sections are hosting a Qualifier, for the NYSPHSAA Invitational, the individual sections will need to determine if that qualifier is a "Postseason Event"*
 - *If PostSeason: Girls cannot also compete in the Boys Postseason.*
 - *If NOT PostSeason (Regular): This event counts as two competition points.*

- c. Showcasing Finals at NYSPHSAA Invitational

- Possibly creating a more "Finals" atmosphere

- Proposed Option: Run 5-6 and 3-4 matches first then have two mats of finals occurring simultaneously.
 - Proposed Option: Run 1-2, 3-4, 5-6 matches simultaneously to end the tournament
 - Maintain the podium in the middle of the arena
 - Clear out wrestling areas, except for wrestlers and 2 coaches per corner. On-deck wrestlers and their coaches can be delegated to unused mats.
 - Continue announcing finalists and accolades.

- d. 23-24 Federation Tournament Update

- *NYSPHSAA met w/ Federation. PSAL and NYSPHSAA are interested in putting on the event.*
- *Estimated cost for Federation Tournament has been received.*
- *NYSPHSAA has agreed to pay half the cost.*
- *With AIS and Catholic School Association not being interested, 8-Person Brackets are a possibility.*
- *PSAL should have a commitment, or not, by Fri. 9/29.*

CHAMPIONSHIP ADVISORY COMMITTEE

Meeting Minutes – Wednesday, September 27, 2023

CAC Members Attending: Mike Andrew (Team Sports), Jamie Harter (Ind. Sports), Deb Ferry (At-Large), Josh Harrica (At-Large), Adam Stoltman (Superintendent Rep), Eileen Troy (At-Large), Mark Ward (At-Large), Susan Reid (At-Large), Kathy Hoyt (Executive Director), Carlos Cotto (At-Large). Absent with notice: Greg Ransom (Chair)

Staff/Officers Attending: Joe Altieri (CAC Liaison/Assistant Director), Dr. Robert Zayas (Executive Director), Todd Nelson (Assistant Director), Kristen Jadin (Assistant Director), Chris Joyce (Director of Marketing/Foundation), Lexi Swatt (Director of Sports Information), Jeremy Martelle (Intern). Tim Mullins (Vice President), Adam Stoltman (2nd VP), Julie Bergman (Past President)

Coordinators Attending: Tim Lincoln (Girls Basketball), Jim Wright (Softball), Quan Hyunh (Boys Tennis), Kristin Frazer/Bob Wallen (Indoor Track), John Coletta (Boys Volleyball)

Call to Order by Assistant Director Joe Altieri who chaired the committee today in the announced absence of Chair Greg Ransom. Joe welcomed the committee, introduced new Director of Sports Information Lexi Swatt and Fall Intern Jeremy Martelle. He offered Dr. Zayas any updates. None at this time.

Joe reported he had a conversation with Greg Ransom and office staff about streamlining CAC meetings. There is nothing in the Constitution or Role of CAC that says we are required to have a “discussion” and “action” phase. Going forward, we’ll simply list all items as proposals and discuss one time and vote then everything will go to Executive Committee twice. This will cut back on time we spend in meetings and having coordinators come to two CAC meetings. If there’s a revision to a proposal then it goes back on the CAC agenda. Also, if you as a committee member feel we need to discuss something a 2nd time, we can add it to the agenda for that purpose as well. Some items were noted (rev) for revisions and some (new) as new items just for today’s meeting. Eileen expressed a concern about the process noting the softball proposal needs time to be discussed. Joe indicated the proposal was placed on the June/July agenda for discussion. Mark asked what’s the premise of the change in format was. Joe, Dr. Zayas and Chris Joyce explained more rationale on streamlining meetings and getting CAC discussion and vote before athletic council meetings.

Joe reminded everyone votes for action items will take place at the end of the meeting when coordinators are dismissed. He stated we have 10 voting members today. His vote will not count as a staff member even though he is filling in as chair. He noted girls flag football meeting occurred yesterday and numerous new proposals came out of that committee including a bid recommendation. He noted the boys basketball coordinator will not be available for the call today so he will cover the proposal.

PROPOSALS

(These items will be presented as discussion or action at the next Executive Committee Mtg)

Girls Basketball Regional Rotation 2024-28 – Coordinator Tim Lincoln explained the proposal. Kathy asked if they were seeking it through 2028 even though Executive Committee has only approved one year

regional rotations. Joe stated he informed Tim the trend was one year and they offered the full regional rotation through 2028 anyway. Susan recommended going one year with the motion. Adam clarified if it was rejected would they have back up? Dr Zayas confirmed there would be.

MOTION by Jamie to accept the proposal but with an amendment. He supports the proposal through 2024. SECOND by Carlos. CARRIED 10-0.

Boys Basketball Regional Rotation 2024 – Assistant Director Joe Altieri explained the proposal and the reasons why there was a change in the rotation since June/July. No questions/concerns were raised.

MOTION by Deb to support the proposal. SECOND by Adam. CARRIED 10-0.

Softball Regional Rotation 2024-2028 - Coordinator Jim Wright explained the proposal and why there were revisions since June/July. He noted it was revised so 16 teams in each class can be accounted for and fill the brackets. It also addressed small school issues. Eileen expressed a concern about the philosophy of 2nd and 3rd place teams getting beat in Sectionals and going to Regionals. The proposal nearly had the same number of 2nd and 3rd place team as champions. Todd asked if this was an effort to try to achieve equity. Jim stated it was. Eileen opposed adding 49 teams to the regional postseason. Jim indicated it's a huge change but addresses equity with sub-regionals. Joe noted softball was charged with developing a six-class rotation and address equity over the last several months. Softball did so and nobody expressed concerns about the proposal at the Central Committee meeting. Todd asked if it falls within the championship philosophy of 5-8% of all participating teams. The proposal does not (its at 16%). Todd asked if the rotation can mimic Class AA regional rotation for Class AAA. Eileen noted with all the moving parts in six classes, we need to experience a year of that first. Joe offered to work with Jim immediately following the meeting on updating the proposal to mirror Class AA for 2024 only. He recognized many athletic council meetings have already occurred or are coming up quickly before the next Executive Committee meeting.

MOTION by Jamie to support the proposal. SECOND by Adam. DEFEATED 1-8. (Susan in favor)

Boys/Girls Tennis Seed Team State Tournament - Coordinator Quan Hyunh explained the proposal. No questions/concerns were raised.

MOTION by Jamie to support the proposal. SECOND by Kathy CARRIED. 10-0.

Boys Team Tennis Move to 2-3 Format for D2 - Coordinator Quan Hyunh explained the proposal. Kathy asked about formats for this year for girls tennis in November. Quan stated girls are 3/4 in D1 and 3/2 in D2 this fall. Deb asked why the 6-4 vote. Quan explained four sections were opposed to the emphasis on doubles. Some sections voted on quality of teams in their sections because they run formats that cater to strong singles players. Since the NYSPHSAA Individual Tennis Championships already caters to elite individuals, the move to 2/3 for D2 would cater to team play.

MOTION by Deb to support the proposal. SECOND by Carlos. CARRIED 8-2 (Kathy & Mark opposed).

Boys Tennis Move to 3-4 Format for D1 - Coordinator Quan Hyunh explained the proposal. No questions/concerns were raised.

MOTION by Eileen to support the proposal. SECOND by Deb. CARRIED 9-1 (Kathy opposed).

Indoor Track Qualifying Standards- Coordinators Kristin Frazer and Bob Wallen explained the proposal. No questions/concerns were raised.

MOTION by Josh to support the proposal. SECOND by Kathy. CARRIED 10-0.

Indoor Track 2nd Division for Relays- Coordinators Kristin Frazer and Bob Wallen explained the proposal. Susan asked about the effective start date and the timeline for discussion/proposal at the next Executive Committee. Kristin noted they respect the timeline and process and seek implementation for 2024-25.

MOTION by Adam to support the proposal. SECOND by Jamie. CARRIED 10-0.

Boys Volleyball 2-Day State Tournament – Coordinator John Coletta explained the proposal. Deb asked if they took into account the number of teams in each section in each division to ensure there were a sufficient amount and teams were committed to go. John indicated that was not taken into account. His committee was interested in having all sections represented at states. Deb asked if a team does not elect to go, what happens. John responded, there would be a three-team pool at states. Todd asked if the committee considered bracketed play for boys. John said they were overwhelmingly opposed to it. They wanted more opportunity for teams/athletes to play. He gave an example of baseball traveling a long way for states and after one game would go home. They wanted more participation at states.

MOTION by Kathy to support the proposal. SECOND by Josh. CARRIED 10-0.

Officials Fees & Policies – Girls Basketball Request – Assistant Director Todd Nelson explained the proposal. Tim Lincoln and Eileen Troy added information to it. No questions/concerns were raised.

MOTION by Josh to support the proposal. SECOND by Deb. CARRIED 10-0.

Officials Fees & Policies – Flag Football Request – Assistant Director Todd Nelson explained the proposal. No questions/concerns were raised.

MOTION by Mark to support the proposal. SECOND by Kathy. CARRIED 10-0.

Flag Football Classification – Assistant Director Todd Nelson explained the proposal. Todd noted they are 16 teams away from a third division (Section 2 and 3 only have 5, 6 teams respectively and are expected to add more in 2024-25). The committee will ask for a third class in the near future.

MOTION by Deb to support the proposal. SECOND by Susan. CARRIED 10-0.

Flag Football Regional Rotations – Assistant Director Todd Nelson explained the proposal. Mark asked how confident Todd is that this will work. Todd believes it's a sound plan. Susan stated she appreciates the committee considering the equity of sub-regionals. Deb asked about the host sections being flipped for 2025 if approved. Todd responded yes, they will be.

MOTION by Josh to support the proposal. SECOND by Adam. CARRIED 10-0.

Outdoor Track 3rd Division – This proposal was inadvertently left off the agenda and then distributed following the meeting. Feedback was provided by several CAC members including some in support of the proposal, some concerned with finances, some concerned with a championship venue big enough for three divisions. The proposal will be placed on the October 18th Executive Committee agenda for discussion. It will also be placed on the January CAC and February Executive Committee meetings for vote and will not be delayed for consideration/vote.

FOR REVIEW/INPUT/CHAMPIONSHIP SITE SELECTIONS:

Girls Basketball Championship Site Selection 2025-27– Assistant Director Joe Altieri explained the lone bid submitted by Hudson Valley CC. He indicated both staff and state committee agreed on HVCC as the recommendation. CAC expressed no concerns with the staff and committee recommendation.

Boys Wrestling Dual Meet Championship Site Selection 2025-27– Assistant Director Joe Altieri explained the lone bid submitted by Onondaga CC (SRC Arena). He indicated both staff and state committee agreed on OCC as the recommendation. CAC expressed no concerns with the staff and committee recommendation.

Boys Ice Hockey Championship Site Selection 2025-27– Assistant Director Joe Altieri explained the lone bid submitted by LECOM Harborcenter. He indicated both staff and state committee agreed on LECOM Harborcenter as the recommendation. CAC expressed no concerns with the staff and committee recommendation.

Girls Golf Championship Site Selection 2025-27– Assistant Director Joe Altieri explained the two bids submitted by Wild Wood Country Club and The College Course at Delhi. He indicated both staff and state committee agreed on Wild Wood as the recommendation. CAC expressed no concerns with the staff and committee recommendation.

Flag Football Championship Site Selection 2024-26 – Assistant Director Joe Altieri explained the three bids submitted by Buffalo, Cortland and Nassau County. He indicated both staff and state committee agreed on Cortland as the recommendation. CAC expressed no concerns with the staff and committee recommendation.

INFORMATIONAL:

Girls Wrestling Championships – Todd reported girls wrestling committee recommended week #33 or #34 as the week for the State Tournament starting in 2025. Staff surveyed the girls and boys committees to discuss and it was felt the best week was week #34 as the date. This is the day before the boys individual state tournament at the MVP Arena. He noted the pros and cons of week #34.

Softball State Championships 2024 – Dr. Zayas reported on the change to the Softball State Championships from Moriches Athletic Complex to Martha Avenue Rec Park (both in Section XI). He noted this was necessary due to many concerns about the tournament being hosted at a baseball/softball complex. The officers had to approve this immediately due to the time sensitive nature of the issue which included a Title IX investigation.

2023-28 Championship Dates & Sites – Joe noted the updated championship documents in the packet noting the championship recommendations above.

ADJOURNMENT:

MOTION by Josh. SECOND by Kathy. CARRIED 8-0 (2 voting members could not stay until the very end of the meeting). The meeting adjourned at 12:47 pm.

Minutes respectfully submitted by NYSPHSAA liaison Joe Altieri; reviewed/approved on 9/29/23 by CAC Chair, CAC members and the NYSPHSAA Executive Director prior to distribution.

- Start of a two year pilot of the 4/5/6 points model to determine sectional seeding.

Rule Changes for 2024

- Possible implementation of the NFHS approved speed up rule permitting courtesy runners for the pitcher and catcher.
- Possible implementation of the NFHS approved rule allowing electronic communication devices from dugout to catchers.
- All rule changes will be discussed and voted on at the state baseball meeting in January.

Respectfully Submitted 10/18/23
Robert Parry, Section VI Baseball Sport Chairman

Baseball Tiebreaker Proposal

Concern:

The current tiebreaker rules are too general and don't take into account the various differences between sports. This leads to several seeds being determined by coin flip and not by the performance of the teams.

Proposal:

The baseball committee believes that the following tiebreaker rules are more appropriate to baseball and will reduce the need to determine seeding by coin flip.

1. Overall league winning percentage
2. Head to head results
3. Head to head run differential, not to exceed 10 runs in a given game
4. Results versus common opponent
5. Coin flip

Rationale:

To put in place a tiebreaker system that is more sport specific and takes into account aspects of the sport that have a direct impact on seeding.

Baseball Championship Series Proposal

Concern:

As a result of adding a sixth class (AAA), 2 problems exist in our current sectional tournament model:

1. Schools that compete in classes with 4 or fewer schools are spending a significant amount of time waiting between games.
2. A school could win a sectional championship only competing in one game.

Proposal:

Due to the addition of a sixth class (AAA) and redistribution of teams among the remaining classes, we propose a best of three championship series to determine a sectional champion in classes with 4 or fewer schools.

The structure of this championship series would be as follows:

1. Each team would compete in a play-in game during the pre-quarter round of sectionals. In this round the number 1 seed would play the 4 seed and the 2 seed would play the 3 seed. Games would be played at higher seeded schools.
 - a. If there are only 3 teams in the class, the number 1 seed would automatically move to the championship series and the 2 seed and 3 seed would compete in a play-in game.
 - b. If there are only 2 teams in the class, both teams would move to the championship series.
2. Game 1 of the championship series would be played at the higher seeded school during the quarter final round of sectional play.
3. Game 2 of the championship series would be played at the lower seeded school during the semi-final round of sectional play.
4. If necessary, the final game of the championship series would be played at a neutral site on our sectional championship day. The site would be determined by the baseball committee.

Rationale:

The committee believes that this proposal would create a competitive balance between the schools in small classes and thus produce the best possible Sectional Champion.

Discussion about music ECIC had problem with both teams wanting to play music and would try to be louder than the other. We cannot dictate to leagues but everyone agreed they would bring back our sectional rule and use them.

For sectional play the home team will only be allowed to play music before or in between innings. No walk up music will be allowed. For neutral sites the only music allowed will be from committee person working the game.

Before setting dates consideration was given to possible Sunday practices, Memorial day weekend, Proms and umpire availability

Tie Breaker procedure for Playoff Seeding:

When ranking teams for playoffs we had some divisional ties. The tie-breaker was a coin toss.

* **Head-to-head goal differential:** This year, in the event there is a tie between teams, there should be a goal differential between teams to determine standings. (I.e. Team A beats team B -5-3 the first time they play then Team B beats team A in the 2nd game they play 5-4. Team A is plus 1, they finish 1st.)

* In the event there is still a tie, **Goals Against head to head:** least amount of goals given up

* In the event there is still a tie, **Goals For head to head:** most goals scored

* In the event there is still a tie, **Coin Toss**

SECTION VI CONSTITUTION

COMMITTEE: Adam Bennett, Salamanca, Chautauqua Cattaraugus Athletic Association

CHAIR: Brett Banker, Past President, Executive Committee

Background:

The committee has met three times. Members were given a copy of the Constitution as well as the Bylaws and Policy Manual. Each committee representative was asked to discuss the document and any prospective changes with their leagues. Each rep/league was given the opportunity to provide feedback including revisions, to the committee. That feedback was presented at an in-person meeting.

All suggestions were shared with the Executive Committee at two different meetings. The Executive Committee supported the following:

SUMMARY OF RECOMMENDATIONS

#Article 4: It is the expectation of all council members that they communicate action items and the results of said items, to their constituents.

#Article 4: All Section VI committees will be made up of one voting member from each league.

#Article 6: It is the expectation of the Athletic Council and Executive Committee that leagues MUST assign a female to the role of Girls Representative, unless there are extenuating circumstances. Those circumstances must be submitted annually to the Executive Director

#Article 6: For business to occur, four (4) of the five (5) Leagues must be represented by two or more of their four representatives.

#Article 8: Each league will have representation on the Executive Committee. If a league is not represented within the confines of the seven positions included in the Committee, that league will be asked to recommend to the members of the Executive Committee, a person to sit in an At-Large position. The At-Large representatives will have full voting privileges while serving on the Executive Committee. At-Large terms are for one year.

If at any point, a league does, through election or appointment, have a person join the Executive Committee, the At-Large position will be vacated immediately.

#The Past President sitting on the Executive Committee would become a full voting member on all action items. Currently the Past President sits in an ex-officio role and cannot make motions, second other motions or vote.

TIMEFRAME MOVING FORWARD

- 1) The revised Constitution will be an Action Item for the Council's November Meeting. Changes will be effective beginning with fiscal year 2024-25.

Philosophy of Section VI

~~A united action by member schools in Section VI is necessary in order to have a successful athletic program.~~

~~While the athletic program in Section VI strives to exemplify the basic principles of the democracy in which we live by providing for each student athlete an opportunity to progress to the limit of their capabilities and interests, it must also maintain a commitment to excellence.~~

~~We strive to provide student athletes with an environment that promotes wholesome growth and development, stressing our belief in the democratic way of life, encouraging mental and physical alertness and independent thinking. We try to impress the student athletes with the idea that we expect them to do their best.~~

~~It is our philosophy that we should help prepare our student athletes for life and attempt through athletics to provide an educational experience to assist them in becoming contributing members of society.~~

~~Utilizing this philosophy, it is the firm belief of Section VI that:~~

- ~~1. ALL students are important and meeting the needs of these students is the challenge to all within the educational community.~~
- ~~2. In meeting the needs of the many different public schools of our Section, we must provide interscholastic athletics and coordinated services that are controlled by schools, leagues and the Section.~~
- ~~3. Each school is expected to appreciate the fact that everyone cannot be totally satisfied on any given issue but that all schools through a viable system of representation can help to develop the pattern for sound educational policies for interscholastic athletics.~~
- ~~4. It is of primary importance to delegate authority in this complex program and it is this delegated leadership that helps to set the pattern for a "State Wide" program of athletics.~~

Mission Statement

It shall be the purpose of Section VI to formulate, adopt, and implement policies that will enable the Section to administer and govern interscholastic athletics in a safe and appropriate manner in accordance with the New York State Education Department, the New York State Public High School Athletic Association and Section VI. Further, it is the Section's commitment to work collaboratively with all members and with a goal of inclusivity in all of the association's work.

Core Values that guide the decisions made by Section VI

- * Interscholastic activities programming is part of the wider educational program. Educational programs are created to develop the learner. Athletics provide opportunities for students to participate in activities that assist in their development socially, intellectually, and emotionally.
- * All students are important and deserve competitions that are a result of coordinated services that are safe, fair and inclusive. The Section VI program of offerings should be broad-based, well planned and designed to honor excellence.
- *The Section will be organized in a manner that ensures a viable and fair system of representation with the goal of making sound educationally-centered decisions. Policy development, assessment, evaluation and future revisions must include opportunity for input from all leagues. Each league must consider a diverse group of representatives when filling committee or otherwise leadership positions.

Goals and Objectives

- *To provide and promote safe and equitable participation opportunities.
- To offer championship programming that encourages and reinforces broad-based opportunities.
- *To foster positive working relationships with all community partners.
- Maintain the standards of eligibility of the NYSPHSAA and State Education Department in an effort to maintain ethically and educationally sound programming
- *To protect the fairness of competitions and ensure that all member schools are competing under the same rules and regulations.
- Provide the means to settle disputed athletic contests or violation of policies amicably and authoritatively
- *To work with all leagues in Section VI to foster continuous professional development and support for all athletic administrators.
- *To offer consistency in services, direction and support to our athletic administrators and to the Executive Directors of each league.
- To conduct athletic championship tournaments that emulate and honor excellence
- Adapt rules to cover sports contests and to support the rule changes creating safer environments for all student-athletes
- Coordinate and work collaboratively with all officials' organizations to enrich our athletes experience and better service member schools.
