### Executive Director's Report:

Mark DiFilippo

Fall schedules will be changed by the office once we know what is happening with this week's statement by the governor. All league games from our JV and Varsity schedules up to and including 9/26, will be rescheduled to a pre-determined later date based on conversations with the other leagues. If after you see the new date, and it does not work, please work with that school for a new date and let Sharon know ASAP. Non-league, tournament, and scrimmage games prior to 9/26 will be cancelled by the office. All games (league, non-league, tournaments) scheduled after 9/26 will stay as is. Modified schedules WILL NOT be reworked. If you want to reschedule a modified contest you should do that with the opposing school and let us know ASAP. Golf schedules which are created by the schools should be adjusted accordingly. Please try to start scheduling ASAP with golf. You can have golf matches as early as 9/22 or 9/23. Once your team is selected.

Update on School camps/clinics/workouts – there have been a lot of phone calls and questions and “whistleblowing” about summer workouts and camps. Please remember that the governor NOT NYSPHSAA have made the mandate about NO SCHOOL ACTIVITIES. Timm was hoping to get some more clarification as to what defines a school activity, but anything that looks like, sounds like BOE approved coaches working with team members, using school facilities or equipment, or using the team name, website, or other social media certainly appears to be associated with the school. Mark's recommendation is that if there is concern or question you should have a conversation with your Superintendent and the County DOH.

If we are given the green light to start on Sept 21, Mark will work move the Modified coaches' meetings to a later date closer to the 21<sup>st</sup>.
