**CARRIED**

**Gens/Graczyk**

**4.0 EXECUTIVE DIRECTOR'S REPORT** (Mark DiFilippo)

4.1 **AC ACTION ITEM:** Approval of Fall 2020 (now Fall Season 2 / 2021) Independent Team Status for Eden Girls Volleyball

Retroactive approval will be requested for this item at the following athletic council meeting.

Per Section 170, Independent Status, of the Section VI Policy Manual, *a school must request approval of a team's independent status from the Athletic Council on an annual basis.*

Approval of independent status must be approved at the league level prior to requesting approval at the Section level.

4.2 Friends and Neighbors

On March 10, 2021, Northern Chautauqua Catholic School (NCCS), knowingly played 6th graders against Fredonia's modified boys basketball team. In addition, they played the same 6th graders against Dunkirk earlier in the week. In response, Robert Zayas, NYSPHSAA Executive Director, sent a letter to Luke Gullo, NCCS Athletic Director, indicating that their activities clearly violate New York State Education Department (NYSED) and NYSPHSAA regulations. Dr. Zayas further stressed that it is imperative Northern Chautauqua Catholic School immediately abide by all rules and regulations of NYSPHSAA and NYSED to avoid jeopardizing their NYSPHSAA Friend & Neighbor status.

NCCS status as a "friend and neighbor" of Section VI will be up for a 2 year approval at the May 2021 athletic council meeting.

4.3 Return to Interscholastic Sports Guidelines

The guidelines are posted on the NYSPHSAA website and are updated for fall 2 and spring season sports.

4.4 **AC ACTION ITEM:** Approval of Mark DiFilippo a NYSPHSAA Proxy

An approved proxy may vote on behalf of the Section VI Male or Female Representative in the event of their absence at a NYSPHSAA meeting. Timm Slade, former Section VI Executive Director, is still listed as the Section VI proxy for NYSPHSAA meetings.

A recommendation to change "Mark DiFilippo" to "Executive Director" will be made at the following athletic council meeting.

#### 4.5 Fall 2 Spectators

Until such time direction is provided from the county/state, Section VI remains at 2 spectators per home team for indoor sports. M. DiFilippo will reach out to R. Zayas for direction on outdoor sports.

#### 4.6 Cheer, Track & Wrestling Sectional Events

##### Cheerleading

- 4 host sites (Lockport, Amherst, Iroquois, West Seneca West) are secured for sectional events. Competition will be based on BEDS classification this year. Only 1 team will be allowed in each building at a time.  
The cheerleading coaches voted and approved to eliminate stunting from the rubric and the score card. This Does not mean that participants cannot stunt, it is just not a requirement to score.

##### Wrestling

- All counties except Erie, which has yet to respond, are in support of moving forward with the sport of Wrestling for the spring 2021 season. The start date is scheduled for May 3<sup>rd</sup>.

##### Wrestling and Track

- Culminating event – both sports are interested in conducting a class and individual tournaments, which is what was done in the past. For this to occur, multiple sites, 6 to 8 schools, are needed to host. M. DiFilippo was directed to ask the Track and Wrestling chairpersons to generate multiple plans, of which the final decision will be made based upon the circumstances as the season approaches.

#### 4.7 Spring Sectionals

- M. DiFilippo will survey member schools regarding their graduation date and corresponding rain dates as sectionals are scheduled during the week of June 21<sup>st</sup> (graduation week).
- Regents exams are scheduled as follows: (all mornings) June 17<sup>th</sup> – ELA; June 22<sup>nd</sup> – Living Environment; June 23<sup>rd</sup> – Algebra; June 24<sup>th</sup> – Earth Science. Scheduling Track and Tennis sectionals at a 2pm or later start is possible on these dates.
- Baseball, Softball, and Girls Lacrosse plan to move forward with a top 8 format for the spring 2021 season.
- Since they do not play in a league, play within their classification, and have less than 8 teams in some classifications, Boys Lacrosse plans to use a 500 record for the spring 2021 season.

#### 4.8 Combining of Schools #7 & #8

#7 – Maple Grove has been added to the already approved (2021 February Exec Comm) Westfield, Brocton, and Chautauqua Lake varsity and JV combined team. K. Stoldt, Football Chairman, is in support of the combination. With the addition of Maple Grove, the team is listed in Class B.

#8 – Was previously approved; the request is to add 7/8/9

#### 4.9 Recognition of Award Winners

The 2020 Chapter 6 NYSAAA award recipients along with the NFHS Section VI Coaches Award recipients are tentatively scheduled for recognition at the May 2021 Athletic Council meeting.

### COMBINING OF TEAMS:

The joining together of students from two or more-member schools in the same district or proximity to form a single team shall be permitted subject to the following conditions:

1. Permission must be obtained from their league and section on an annual basis.
2. Section approval must be reported to the NYSPHSAA, Inc., Executive Committee. NOTE: If a combined school team goes beyond sectional level competition their boys and girls grade 9-11 enrollment shall be combined, using the below criteria, for state level competition.

**Effective Start Date:**  
July 2021

**Rationale:**  
The Combining of Teams is currently reported to the Executive/Central Committees at each meeting. An annual report would allow for the information to be reported in a consistent, organized manner to allow for data manipulation and analysis.

### **Proposal:**

Consideration of approval to change letter a, under "Senior All-Star Contest" to "These contests must be approved first by the Section in which the contest is to be held and **reported annually to the NYSPHSAA Inc. Staff.**"

### **27. SENIOR ALL-STAR CONTEST:**

A senior all-star contest shall be any athletic contest for which admission is charged or donations accepted in which one or more of the competing teams is composed of one or more players who during the school year was a member of the high school team in the same sport, and whose participation in the senior all-star contest is based on outstanding performance as a member of the high school team.

a. The only senior all-star contests approved by the NYSPHSAA, Inc., are those approved by a section. These contests must be approved first by the Section in which the contest is to be held and reported to the Executive Committee.

### **Effective Start Date:**

July 2021

### **Rationale:**

The Senior All-Star Contests are currently reported to the Executive/Central Committees at each meeting. An annual report would allow for the information to be reported in a consistent, organized manner to allow for data manipulation and analysis.

## **Modify State Sport Coordinator Selection Process**

- ☐ Action Item
- ☒ Discussion Item
- ☐ Informational Item

### **Presenter:**

Joe Altieri, NYSPHSAA Assistant Director

### **Proposal:**

Consider approval to modify the selection process for State Sport Coordinators. The process would entail the creation of a Sport Coordinator Appointment Committee, consisting of the NYSPHSAA Executive Director, two staff members, an officer, and a committee representative selected by the state committee. The appointment committee would then recommend an individual to the Central Committee for a five-year term. The following timeline will be followed:

- May 1<sup>st</sup> Current Coordinator Announces Intent to Seek Re-Appointment
- June 1<sup>st</sup> All letters of interest and resumes due
- June 15<sup>th</sup> Review of letters & resumes by Sport Coordinator Appointment Committee; Interviews conducted if necessary
- July 1<sup>st</sup> Recommended candidate submitted for Central Committee packet
- Late July Central Committee approves Sport Coordinator for five-year term

### **Effective:**

July 2021

### **Rationale:**

It is necessary to approve coordinators for each sport when a five-year term expires. The current process is the state committee nominates any individual they choose, which may include the current coordinator. Members of the committee may nominate any individual (on or off the state committee). There are no qualifications required nor is a resume required to be submitted. Committee votes are tallied then the selection is forwarded to the Central Committee without any outside input. Frequently, numerous state committee members do not submit votes during the process. Effective leadership, communication and style are a necessity when working with the NYSPHSAA staff, state committee, coaches, and athletes around the state.

### **Proposal Originated:**

NYSPHSAA Office/Central Committee in July 2020

### **Budgetary Impact:**

None

### **Notes:**

The process of Sport Coordinator appointments was brought up by Section I during Section Concerns at the July Central Committee meeting.

## Private Schools within Public School District Boundaries

☐ Action Item  
☒ Discussion Item  
☐ Informational Item

### **Presenter:**

Section V Executive Committee Representatives

### **Proposal:**

Consideration of approval to eliminate “or a private school within that district’s boundaries” from the NYSPHSAA Transfer Rule. See below.

31.b. A student who transfers without a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months prior) is ineligible to participate at the varsity level in any interscholastic athletic contest in a particular sport for a period of one (1) year if as a 9-12 student participated in that sport during the one (1) year period immediately preceding his/her transfer. A student’s period of ineligibility begins with the date of registration at the student’s new school. (May 2020) NOTE: Students in grades 7-10, shall be eligible to participate at the sub-varsity level and practice at all levels, while students in grades 11-12 shall be limited to practice (all levels) only. (July 2019). At no time during the one-year period of ineligibility at the varsity level should a student participate in a scrimmage or be an exhibition participant at the varsity level.

Students who transfer from any school to the public-school district of the residence of his/her parents (or other persons whom the student has resided for at least six months) ~~or a private school within that district’s boundaries~~ shall receive a waiver from the Transfer Rule. Such a transfer without penalty will only be permitted once in a high school career. Schools must submit the required transfer form to the Section office. Athletes are not permitted to practice before the form has been submitted. Athletes are not permitted to compete without approval. NOTE: A student in a foreign exchange program listed by CSIET has a one-year waiver of the Transfer Rule. If such a student elects to stay a second year he/she becomes a foreign student at the start of the school year with item (b) in effect.

### **Effective Start Date:**

2021-2022 School Year

### **Rationale:**

The verbiage creates an unfair advantage for the private school of transfer and public schools without a private school within their boundaries. All other transfers from a public school district to a private school are subject to the transfer rule in any sport a student participated in for one (1) year. As a result of the current language, students can transfer to a private school within their district’s boundaries for athletic purposes for no penalty. This only impacts districts with private school within their boundary and it should be consistent across the state regardless of the location of the private school.

## **BASEBALL – ELIMINATE NYSPHSAA P/DH RULE; UTILIZE NFHS P/DH RULE**

- ☐ Action Item
- ☒ Discussion Item
- ☐ Informational Item

### **Presenter:**

Al Roy, NYSPHSAA Baseball State Coordinator

### **Proposal:**

The NYSPHSAA Baseball Committee seeks approval to eliminate the NYSPHSAA Pitcher/Designated Hitter Rule (#11 in NYSPHSAA Handbook) and utilize the NFHS Player/Designated Hitter Rule.

### **Effective Start Date:**

March 2021

### **Rationale:**

This proposal will eliminate the more restrictive NYSPHSAA Pitcher/Designated Hitter Rule, adopted in January 2019, and allow teams to use a more flexible NFHS Rule which was written following the 2019 season. The NFHS Rule allows the pitcher to play any other defensive position whereas the NYSPHSAA Rule does not allow that.

### **Proposal Originated:**

NYSPHSAA Baseball Committee on June 8, 2018. The NYSPHSAA P/DH Rule was approved in January 2019 and adopted for the 2019 season. The NFHS Rule was written after the 2019 season.

It will be a determination as we draw closer to the fall season and hear from member schools/sections.
- c. Joe indicated sport considerations meetings were conducted in August for fall sports. The association will determine if sport guidelines will need updates for Fall 2021 and included in the Return to Interscholastic Athletics resource document.

### **Rule Changes for 2021**

## **Soccer Rules Changes - 2021-22**

By NFHS on February 16, 2021[soccer](#)

[Share](#)

[Print](#)

**4-2-10 NEW:** Head coverings worn for religious reasons shall not be made of abrasive or hard materials; and must fit securely.

**Rationale:** This rule addition will allow student-athletes to express their religious beliefs through the wearing of headwear without the approval from the state.

**4-2-11 NEW ARTICLE:** In addition to the above permitted uses, state associations (or designee) may on an individual basis permit a player to participate while wearing a head covering for medical or cosmetic reasons if it is required by a licensed physician. A physician's statement is required before the state association can approve a covering which is not abrasive, hard or dangerous to any other player and which is attached in such a way it is highly unlikely that it will come off during play.

### **Other Pertinent Data**

## **Soccer Points of Emphasis - 2021-22**

By NFHS on February 21, 2021[soccer](#)

[Share](#)

[Print](#)

**Properly Worn Uniforms and Marked Fields.** It is important that games are played on fields marked in a consistent manner, and players wear uniforms according to NFHS rules. If a field is improperly marked and/or if a team wears an illegal uniform the referee shall contact the state association, who will work with school administrators to make appropriate changes. In addition, during pregame communication with school administration, game officials are also encouraged to communicate these corrective actions directly to administrators.

**Reckless and Serious Foul Play.** Soccer is a contact sport and as such officials must be prepared to effectively manage the flow and intensity of the game. Understanding the differences between fair and hard play and a foul that

is either Reckless or Serious is important to ensuring fair play and the safety of the players. Reckless play is defined as “a player has acted with disregard of the danger to, or consequences for, the opponent. A player who displays reckless play shall be cautioned.” Serious Foul Play is defined as “any play in which the player commits one of the offenses punishable with a direct free kick and uses disproportionate and unnecessary force against an opponent while playing for the ball.” It is critical that officials recognize the differences between the two and the corresponding penalty. Although officials cannot eliminate a player from engaging in reckless or serious foul play, there are Preventive mechanics that can be used to control this type of play from occurring during the match by:

- Addressing fair play and good sportsmanship during the pregame meeting with the coaches and captains. Let them know your expectations for competitive and fair play.
- Talk to the players and captains during the match. When the intensity of play increases and fouls become more prevalent remind the players of your expectations. Control the temperature of play by warning, whistle and when necessary cards.
- Deal with reckless or serious foul play immediately. Be sure to let the players and coaches know that you will not tolerate that level of play during the match. When warranted use cards to address these behaviors.
- Use of Headsets. Officials who have used headsets in communicate between and among the crew have found this to be an effective tool in helping to control play and deal immediately with unsporting and dangerous play.

**High School Athletics is Education-Based.** High school athletics are education-based, and for this reason some mechanics of our game are intentionally different from other levels of soccer. Playing sports and participating in interscholastic activities is a privilege that students earn by maintaining academic standards and good conduct in and outside the classrooms.

As an extension of the classroom, the goal of education-based athletics, in addition to core academic subjects learned in the classroom, is that students experience additional educational opportunities through their participation in sports. Beyond the specific skills of a sport, these individuals have the opportunity to learn important principles that can guide them the rest of their lives. Learning the life skills of sportsmanship, playing by the rules, teamwork and perseverance will pay huge dividends throughout these students’ lives. Certainly, improving skills and winning games is a part of the overall goal, but the quest to win games, events, and championships cannot come at the expense of providing these educational opportunities.

The required pregame meeting is a time for officials to communicate expectations to both head coaches and captains. This meeting for both head coaches and captains should cover pertinent rules, sportsmanship, the coin toss, and legally equipped players. This meeting is a purposeful start to an education-based interscholastic match.

**Sportsmanship:** Interscholastic athletic programs must promote good character, enhance the integrity of education, and foster civility in society. Student-athletes, coaches and all others associated with interscholastic athletic programs, as well as those who attend interscholastic athletic events, should adhere to the fundamental values of honesty, integrity, respect, caring, cooperation, trustworthiness, leadership, tolerance, and personal responsibility.

The message of good sportsmanship should be addressed by school administration with their students, coaches, parents, and spectators alike, which includes a message which prohibits taunting and the use of profanity during games. Coaches and officials should model good sportsmanship during the pregame, game, and post-game. A short but firm statement by the official outlining the action that will be taken for unsporting conduct would be appropriate. Check with your state association. They may have provided a statement for use by officials in the pre-game meeting.

**Professional Responsibilities for Officials.** Officials are an integral part of education-based athletics and for this reason it is important that officials conduct themselves in a professional manner that upholds the dignity of this vital role. For this reason, an official shall prepare themselves both physically and mentally, shall dress neatly and appropriately, shall master both the rules of the game and the mechanics necessary to enforce the rules, shall exercise impartial authority in a firm and controlled manner and shall stay up to date with game management and health and safety requirements. Additionally, officials shall uphold the honor and dignity of the profession in all interactions with student-athletes, coaches, school administrators and spectators alike.

It is important that officials take steps to educate themselves with the NFHS Officials Code of Ethics in the soccer rules book as well as their state association's officials' handbooks.

### **Changes in Policy/Practice for the upcoming season**

Representation Rule: Teams will now be able to allow a player to participate both the JV & Varsity game in any given week and only have it count as 1 contest. Stipulation is that the player may only participate in a maximum of 10 plays in one of the contests, and there must be Two (2) nights rest between contests.

NFHS RULE CHANGES 2021 (Attached)

BLOCKING BELOW THE WAIST IN FREE-BLOCKING ZONE ADDRESSED IN HIGH SCHOOL FOOTBALL RULES (Attached)

**1-5-4, 1-5-5, 3-5-10e (NEW) 3-6-2, 9-9:** Improperly equipped player shall be replaced for at least one down.

**Rationale:** Prior to the game, the head coach is responsible for verifying that the players are legally equipped and will not use illegal equipment. The penalty for a player who is not properly equipped has changed from a distance penalty against the team to removal of that player for at least one down. The penalty provisions for any use of illegal equipment remain unchanged and result in an unsportsmanlike conduct foul charged to the head coach.

**2-32-16a:** Defenseless player provisions for passer clarified.

**Rationale:** The committee clarified that defenseless player provisions do not apply to a passer until a legal forward pass is thrown. The passer continues to be a defenseless player until the pass ends or the passer moves to participate in the play.

**6-1-3b PENALTY, 6-1-4 PENALTY:** Signal change for free kick infractions.

**Rationale:** The signal for free kick infractions, other than encroachment of the neutral zone, has been changed from signal 18 to signal 19.

**6-1-9b (NEW), 6-1-9b PENALTY (NEW), 10-4-2 NOTE (NEW), 10-5-1j (NEW):** New penalty option adopted for fouls by kicking team.

**Rationale:** In an effort to reduce re-kicks, further minimize risk and ensure that appropriate penalties are in place for all fouls, the committee has added an option for fouls committed by the kicking team during free and scrimmage kicks. The change would allow the receiving team all of the previous options as well as accepting the distance penalty at the end of the down.

**SIX-PLAYER FOOTBALL (RULE 3):** Length of time between periods revised.

**Rationale:** The timing rule between periods and intermission for six player football has been standardized to match the current NFHS 8-, 9- and 11-player football rules.

# Blocking Below the Waist in Free-Blocking Zone Addressed in High School Football Rules

By NFHS on February 05, 2021

[\*\*nfhs news\*\*](#)

---

The rule regarding blocking below the waist in the free-blocking zone in high school football has been revised for the upcoming 2021 season.

This rule change was recommended by the National Federation of State High School Associations (NFHS) Football Rules Committee at its January 10-12 meeting, which was held virtually this year. This change to the 2021 NFHS Football Rules Book was subsequently approved by the NFHS Board of Directors.

As a result of numerous interpretations of current language regarding blocking below the waist in the free-blocking zone, the committee approved another condition in Rule 2-17-2 that must be met for a legal block below the waist in the free-blocking zone, which is a rectangular area extending laterally 4 yards either side of the spot of the snap and 3 yards behind each line of scrimmage.

The new requirement (2-17-2c) is that the block must be an immediate, initial action following the snap. Under the current rule, an offensive lineman can delay and then block below the waist if the ball is still in the zone. In the committee's ongoing quest to minimize risk in high school football, the change was approved to require the block to be immediate.

"This change makes it easier for game officials to judge the legality of blocks below the waist and minimizes risk of injury for participants," said Bob Colgate, NFHS director of sports and sports medicine and liaison to the Football Rules Committee. "This change lets game officials observe the block and make a call without having to determine where the ball is and what formation the offense lined up in."

Blocking in the back continues to be legal in the free-blocking zone by offensive linemen who are on the line of scrimmage and in the zone at the snap, against defensive players who are in the zone at the snap and the contact is in the zone.

The committee noted there has been no criticism of the current rules governing blocks in the back as they are delayed blocks by nature, above the waist and considered to be a safe and necessary legal block.

"I believe this rule change will help make the interpretation of blocking below the waist consistent across the country starting next football season," said Richard McWhirter, chair of the NFHS Football Rules Committee and assistant executive director of the Tennessee Secondary School Athletic Association.

The Football Rules Committee is composed of one representative from each of the NFHS member state associations that use NFHS playing rules, along with representatives from the NFHS Coaches Association,

NFHS Officials Association and NFHS Sports Medicine Advisory Committee.

A complete listing of the football rules changes will be available on the NFHS website at [www.nfhs.org](http://www.nfhs.org). Click on “Activities & Sports” at the top of the home page and select “Football.”

According to the most recent NFHS High School Athletics Participation Survey, 11-player football is the most popular high school sport for boys with 1,006,013 participants in 14,247 schools nationwide. In addition, there were 31,221 boys who participated in 6-, 8- and 9-player football, along with 2,604 girls in all four versions of the game for a grand total of 1,039,828.

**Sectional 6 Classification Championship Meets / State Qualifier Meet** The new format for championships piloted in 2019 (prelim/final format for Class and Timed Final for the Sectional State qualifier) seemed to work well and received generally positive feedback. Assuming Covid restrictions are lifted by August 2021, the girls committee recommends the adoption of following the boys' protocols used in the 2019-20 winter season: Class prelims and finals at member schools with eight lanes, and a timed final Sectional meet at a College/University (ECC or UB). The later practice start date (August 24<sup>th</sup>) may create difficulties in finding time and sites for championships, but will be determined after our spring Committee meeting in May.

State Qualifying Times for 2021: Next Page

Rule Changes for 2021: Not available at this time.

### **Other Pertinent Data/recommendations:**

1. The State committee voted in May 2017 for the host of the State Championships. Ithaca College will remain the host of the Girls championships through and including 2020. Since no State Championship was held in 2020 due to the pandemic, Ithaca will remain the site for the 2021 Championship. A note of intent was left with the Hotel Ithaca for lodging for 2021. Both the accommodations and meal plan were superior in 2019.
2. **The Committee recommendation continues to recommend the mandatory use of on-line reporting of all results by member schools. The Committee tech resource, Paul Cary, has been instrumental in coordinating with Swim Cloud, our new online reporting and roster management software. Paul Cary's effort both during the girls and boys seasons has been monumental! It is the recommendation of the committee that a stipend be budgeted for Section Swimming Software Specialist, to compensate Mr. Cary for the MANY HOURS of work he puts in to allow our teams and competitions to run smoothly.**
3. As mentioned above the lodging accommodations at the Hotel Ithaca in 2019 were exceptional and with Section 6 approval, we would like to use them again in 2021.

### **Team Sectional Championship\*\*NEW**

In order to determine both a small and large school Section 6 Team Championship winner we will use a 3-day tournament.

DATES: Sept 25<sup>th</sup>, Sept. 28<sup>th</sup> and Oct. 2<sup>nd</sup>. The first round will take 21 teams down to 8. Round 2 is the quarterfinals and Round 3 will be the semis and the finals. The overall winners of both divisions will play in the Regional Championship on Oct. 23<sup>rd</sup> for a chance to qualify for the new State Team Championship that begins in the 2021 season. More details are attached at the end of this document.

### **Changes in Policy/Practice for the upcoming season**

Since approval in 2019, there will be an additional 15 participants sent to the State Tournament each year drawn from a rotation of sections in order to fill the byes for the doubles and singles draws. For the 2021 Tournament, Section 6 will be sending an additional singles player based on the 9-year rotation. Therefore, the format of the Section 6 tournament would remain the same, however more players would qualify. We will send the top 4 singles players and the top 3 doubles teams.

Addition of Team Sectionals, Regionals and a State Team Championship.

This year's Individual State Tournament will be held from Thursday-Saturday instead of Saturday-Monday.

### **Rule Changes for 2021-2022:**

We will follow the most up-to-date safety information and protocols regarding Covid-19.

### **Other Pertinent Data**

- 1 All Coaches in Section VI will continue to be required to maintain accurate match results online on the given website.
- 2 In addition to uploading a current roster to the score reporting website, coaches will be encouraged to upload the same roster to the UTR website and claim their team. This is free and step by step instructions will be given. The UTR is the most important number when it comes to seeding players at the State level and for many sections, at the section level as well. Our score reporting site already works with UTR for players that have entered the system (mostly players who compete outside of HS Tennis). It will be extremely beneficial for us to help with seeding for the Team Tournaments. This is being encouraged throughout the entire state.
- 3 We will hold our Section 6 tournament in the Southtowns on October 15<sup>th</sup> and 16<sup>th</sup>, 2021. Lakewood Family YMCA has committed to hosting the event and has agreed to the proposed tentative start times. They have agreed to all 5 courts on Friday and 4 courts on Saturday.
- 4 The Individual State tournament will be held Thursday October 28<sup>th</sup> to Saturday October 30<sup>th</sup>, 2021, at Sporttime in Schenectady, NY. I have already secured a block of 11 rooms at the host hotel, The Desmond (soon to be Crowne Plaza), Schenectady for 2 nights beginning Wed. Oct 27<sup>th</sup> and checking out on Friday October 29<sup>th</sup>. For 2020, the State has secured this host hotel at a rate of \$130/night which includes 4 breakfast tickets per room for both days. I am awaiting information to make sure that this hasn't changed for 2021.
- 5 The transportation/meal/hotel policy has worked out very well for years now and I would again recommend continuing with this policy for next year.
- 6 The State committee seeding meeting at the State Tournament will be held on Wednesday October 27<sup>th</sup>.

Respectfully submitted 2/23/21

The 3 team pod will be determined by the Section VI committee based on; team record up until Sept. 18th, BEDS, perceived strength according to chairpersons, and may consist of UTR, past performances, or other information available at that time. The goal is to have a fair and equitable tournament for all teams.

Once a site is determined (Division 1 must be at a site with 8 courts), a schedule of time will be made available. The 3 teams in the pod will play an 8 game pro set against each other in a round robin format to determine the 1 team from that pod that will advance to the quarter finals. Division 1 will play 3 singles/4 doubles, and Division 2 will use 3 singles/2 doubles. The team that advances will have beaten both other teams head to head. Should there happen to be a tie, we will follow the USTA 2020 league tiebreak rules. The tiebreaker will be:

1. Most total individual match wins
2. Fewest number of games lost
3. Winner of head-to-head matches
4. Coin toss

**Day 2 - Tuesday September 28th: Quarterfinals** (7 Teams for both Division 1 and Division 2)

The top seeded team (committee decides based on above criteria) will earn a bye for the quarterfinal round. The other 3 matches will play head to head at the higher seeded team on Tuesday, September 28th. This will be a regular scoring, best 2 out of 3 set match using the format listed above.

**Day 3 - Saturday October 2nd: Semi and Finals** (4 Teams for both leading to 1 champion for each division).

A neutral site will be determined for both Division 1 and Division 2. A location with 8 courts is a must. Once a site is determined, a schedule of time will be made available. Both semi finals matches will be played followed by the Section Championship match. Format will be 2 out of 3 sets, regular scoring. Division 1 will use 3 singles/4 doubles and Division 2 will use 3 singles/2 doubles. The winners of both divisions will advance to the Regional Finals on October 23rd.

**In case of rain, we will use the next available day to get the matches in. In some cases, we may need to use a Sunday, or more sites/multiple days.**

**Sectional Championship matches will take precedence over league matches.**

This is brand new for Section VI, although many other sections across New York and across the country have been competing in a team championship for years. I hope for a smooth running tournament, but expect to iron out any hiccups over the next couple of seasons. Flexibility is needed amongst the leagues.

Looking forward to including more players in the championship events and gaining experience across the section.

Section VI Chairperson
