### Jada Kenner - Tapestry

## 100 Meter Dash & 200 Meter Dash

If you haven't heard of Jada Kenner before 2019, I'm sure you have now. The 7th grader from Tapestry Charter School had one of the best seasons ever in Western New York for a sprinter. State Championships, World Records and she's only 12 years old. Jada was the Division II State Champion in the 100m (11.94) and 200m (24.25). Then later that day, after already having run 5 races throughout the weekend, she won the Federation titles in the 100m (11.90) and 200m (23.83) bringing the title of "Fastest Girl in New York State" back to WNY! She won the 200m by almost a half second. It was an amazing culmination to an unbelievable season. She came back to Buffalo having won 5 medals overall. Also, earlier in the year at the Eddy Meet in Schenectady, NY, she tied the World Record for a 12-year-old with a time of 23.72. That time ranked her #17 in the country for the 200m. The Tapestry community couldn't be prouder of everything Jada has accomplished both on and off the track. We can't wait to see what she has in store for the future!!!

This eclipsed his previous school record of 50.95 from last year and sets the new Niagara-Orleans League record. Reese's event flexibility throughout the season gave him the opportunity to choose his best path at the sectional meet. Leading up to the sectionals, he had qualifying times in the 100, 110 hurdles, 200, 400, 400 hurdles, 4x400 and 4x800.

With the help of his coaches, he decided to put all his focus into the 400 Dash and run the event fresh at sectionals. He captured his Sectional championship in the 400 Dash with a time of 49.12. This gave him a great seed at the State meet, facilitating his outstanding performance. Reese became the first male State Champion for Track & Field at Newfane Central Schools, and the 3rd individual State Champion in school history.

**Why/How did you choose athletics/education?**

My mother encouraged me to choose a career in education. She always said to use your brain and talents toward a career, not your back and muscles. As for athletics, my father started me in golf at age 5 and I have competed and played the sport ever since. So when I began my teaching career at Depew, the position for golf coach was available and I was hired. What a perfect fit; teach in the classroom and on the golf course. I retired from actively teaching in the classroom in 2017 after 36 years, but I still coach the boys and girls teams at Depew, and also serve as Section VI Girls Golf Coordinator.
