Tennis Issue- Need to update Standards for 2019 ECIC Championships and wording.

Paul Biddle, Tennis Chair-"We had an incident at the ECIC tournament where a player warmed up on the courts for almost an hour before the tournament began. This was against our policy but we have no consequence for it in the regulations.

"We are going to put the consequence of disqualification from tournament if found practicing at the venue once the tournament has started in writing... possibly in the commitment to compete"

Last year we deducted one point from the player and the opposing coach/player were furious we did not do more. I am not for this or against it but I do like to follow state standards at the local level when they make sense..

Discussion among our AD's need to vote on Standards in March Meeting. (See Attachment)
